Scenery/Technical Direction (Mandy and Ron):

116. Mandy, we pulled up all extra or old spikes on the deck and platforms tonight. Both the grey and yellow spikes remaining are needed for the show (though I will make them a less obvious color once you've painted the deck)

Props (Vicki)

- 117. One of the RCA party glasses needs to be a rocks glass so that Sarnoff can give it to Philo for the roof scene.
- 118. We would like the brokers to each have three stock tickets instead of one. They will be torn onstage nightly.
- 119. We have added a character to clean up the torn paper from the stage after the stock market sequence. He will need a push broom, but we are happy to just borrow one from the shop each night.
- 120. Please ADD two dollar bills for Sarnoff to tip the Usher

Costumes (Joe):

- 121. In order to facilitate the cleanup of the stage after the stock market scene, we have invented the character "Sven the Stock Exchange Janitor" to be played by David Holmes. Is it possible to get coveralls or something he can very quickly slip into?
 - 122. All of the lab gang is available for photo call. This means that we will have Sarnoff, Philo, Pem, Cliff, Stan, Agnes and Harlan. They will be at the costume shop at 5:45
- FITTINGS: Thursday 2:30 pm- Amy Nelson; Friday 1:30 pm Natalie Goodman, 2:15 pm Jandrea Novak

Lights (Mandy):

No notes tonight, thank you

Sound (Ron):

No notes tonight, thank you

Miscellaneous:

Great thanks to Brent for solving the alcove cue light dilemma. I tested it tonight and it is wonderful!
