## Notes to House Manager:

No notes tonight, thank you

## Problems or Repairs:

6. PROPS. We will need new beans for next week.
7. SCENERY. Several large paint cracks were taped yesterday and today, resulting in three new shiny spots on the deck.
8. SOUND. The train sequences did not execute correctly. During Act One, this resulted in a very loud train whistle at the location of cue 7.5. In Act Two, the problem was caught during the shift and the cue was taken again. Brent said he thinks it is the keyboard.
9. LIGHTS. The DR scroller got stuck in the amber part of the string beginning in cue 216 for the rest of the show.
10. LIGHTS/SOUND. Nick currently has to work until 6:30 on Thursday. We may need Andrew to do dimmer check. If Andrew also has to work, we will need someone to help with pre-show sound so that Brent can do dimmer check (Laurie has talked with Brent but not Andrew about this.)

## Accidents or Injuries:

None

## Additional Notes:

The band will do a sound check at 6:50 pm on Thursday

Thanks everyone,

- Laurie Kinckman
