Questionnaire

Please write legibly. This should be turned in on the first or second day of class to record attendance.

1. First and Last name (on University records) ________________________________

2. I prefer to be called __________________

   If needed, please also write a phonetic version of your preferred name.

3. The address for the class webpage is
   http://websites.uwlax.edu/ekim/teaching/ ________________

4. Please describe your academic background (year in school, intended major, ...)

5. What was the last math class you took? Where? When?

6. Are there any specific concerns about taking this math class that you’d like to mention?

7. Tell me about a hobby, an interesting fact, etc.

8. Tell me one of your goals for this semester. (It doesn’t have to relate to this class or be academic.)

9. Any comments/questions? (If you are not officially enrolled in the class, provide an explanation and a contact e-mail address.)

I understand that Dr. Kim expects me to take an active and responsible role for my own learning, and I will abide by the code of academic honesty outlined in UWS 14 Academic Misconduct Procedures.
